

Announcement of the Accepted Proposals for CIES Collaborative Research in FY2018

November 2, 2018

Center for Innovative Integrated Electronic Systems
Tohoku University

As a result of solicitation of applications, 2 applications were adopted by CIES collaborative research selection committee.

Accepted proposals in FY2018 are as follows.

Type I : 1 / Type II : 1 / Type III : none / Type IV : none

1	Name	Yasushi Endo
	Affiliation	School of Engineering, Tohoku University
	Area	(1) Spintronics
	Type	I : Proposal of industry-academic collaboration
	Research Title	Study on magnetization dynamics of Co amorphous magnetic ultra-thin film
2	Name	Hiroshi Naganuma
	Affiliation	School of Engineering, Tohoku University
	Area	(1) Spintronics
	Type	II : Support for young researchers
	Research Title	Magnetic structure analysis of magnetic nanodots using micromagnetic simulation
